EDUCATION

B.S. in Data Science and Applications — IIT Madras

Jan 2025 – Present

Senior Secondary (10+2) Science — Saraswati Vidya Mandir,
Farrukhabad

2022 – 2024

SKILLS SUMMARY

Programming	Python, SQL, Java with DSA (Ongoing) Pandas, NumPy, Matplotlib,
BI & Tools	Power BI, Tableau, Excel (Advanced), Jupyter Notebook, PostgreSQL, Power Query, DAX
Data Analysis	Data Cleaning, EDA, Statistical Analysis, KPI Reporting, Data Visualization, Data Wrangling, Basic ML

WORK EXPERIENCE

IT & Academic Support Executive — S. Kumar Educational Institute (Hybrid)

Jul 2025 – Feb 2026

- Managed & analyzed student records data; maintained structured reports for data-driven academic decisions
- Improved digital systems and workflows; communicated analytical insights to staff and students

PROJECTS (12 TOTAL — GITHUB PORTFOLIO)

Retail Sales & Profitability Dashboard [↗](#) | SQL · PostgreSQL · Power BI

- Built PostgreSQL database & wrote complex SQL queries (JOINS, aggregates) to extract sales & profitability insights
- Developed interactive Power BI dashboard visualizing revenue, profit margins, and top/bottom product segments

Sales Data End-to-End Dashboard [↗](#) | Excel Advanced · Macros · Pivot Tables · KPI

- End-to-end pipeline: raw CSV → Power Query cleaning → Pivot Tables → dynamic KPI dashboard in Excel
- Automated reporting with Excel Macros; delivered presentation-ready business insights for stakeholders

Weather Dashboard (Real-Time API) [↗](#) | Python · REST API · Power BI

- Integrated live weather REST API; processed JSON responses and built Power BI dashboard with AQI & forecast analysis

Attendance Tracker System [↗](#) | Excel · Power BI · Data Management

- Digitized attendance records; created Power BI dashboard for trends and absenteeism insights — cut manual errors significantly
